

Requirement Traceability Matrix (RTM)

Module 1: Claim Intimation

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-01	Customers must be able to raise claims digitally without branch visit	US-01	AC-01a, AC-01b, AC-01c	High	TC-001	UAT-001	Completed	Core intimation flow; foundational for all downstream modules
RTM-02	Claim documents must be captured at point of intimation	US-02	AC-02a, AC-02b, AC-02c	High	TC-002	UAT-002	Completed	File size/format validation to be re-tested post server change
RTM-03	Customer must get proof of claim submission instantly	US-03	AC-03a, AC-03b	Medium	TC-003	UAT-003	Completed	SMS gateway dependency noted
RTM-04	Non-digital customers must have an assisted channel	US-04	AC-04a, AC-04b	Medium	TC-004	UAT-004	In Progress	Call center tool integration pending confirmation

Module 2: Claim Validation

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-05	Policy details must be validated against PAS before processing	US-05	AC-05a, AC-05b	High	TC-005	UAT-005	Completed	PAS downtime fallback tested separately

RTM-06	Claims outside coverage period must be auto-rejected/flagged	US-06	AC-06a, AC-06b	High	TC-006	UAT-006	Completed	Depends on accurate policy start/end dates from PAS
RTM-07	Duplicate/suspicious claims must be flagged at entry	US-07	AC-07a, AC-07b	High	TC-007	UAT-007	Completed	Business rule for "similar nature" match still under review

Module 3: Survey & Assessment

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-08	Surveyor assignment must be location and workload based	US-08	AC-08a, AC-08b	Medium	TC-008	UAT-008	Completed	Manual override logging tested
RTM-09	Surveyors need mobile access to assigned claims	US-09	AC-09a, AC-09b	High	TC-009	UAT-009	Completed	Verified on Android; iOS testing pending
RTM-10	Survey findings must be submitted digitally, not via email/paper	US-10	AC-10a, AC-10b	Medium	TC-010	UAT-010	Completed	Mandatory report check working as expected
RTM-11	Surveyor recommendation must include justification for underwriter	US-11	AC-11a, AC-11b	Medium	TC-011	UAT-011	Completed	

Module 4: Underwriting & Approval

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-12	Underwriter must review full survey context before approval	US-12	AC-12a, AC-12b	High	TC-012	UAT-012	Completed	
RTM-13	High-value claims must have mandatory underwriter review	US-13	AC-13a, AC-13b	High	TC-013	UAT-013	Completed	Threshold value configurable via admin module (see RTM-31)
RTM-14	Any revision to claim amount must be justified and logged	US-14	AC-14a, AC-14b	Medium	TC-014	UAT-014	Completed	Directly supports audit trail requirement (NFR-11)

Module 5: Claim Settlement & Payment

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-15	Settlement must be initiated only after formal approval	US-15	AC-15a, AC-15b	High	TC-015	UAT-015	Completed	-
RTM-16	Payments must be disbursed via NEFT directly to claimant	US-16	AC-16a, AC-16b, AC-16c	High	TC-016	UAT-016	Completed	Bank gateway sandbox testing ongoing
RTM-17	Customer must be informed once payment is completed	US-17	AC-17a	Medium	TC-017	UAT-017	Completed	-
RTM-18	Payout must reflect accurate deductible/depreciation calculation	US-18	AC-18a, AC-18b	Medium	TC-018	UAT-018	Completed	Formula validated against 3 sample

								policy types
--	--	--	--	--	--	--	--	--------------

Module 6: Claim Tracking & Status

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-19	Customers must self-track claims without calling support	US-19	AC-19a	Medium	TC-019	UAT-019	Completed	-
RTM-20	Customers must be proactively notified of status changes	US-20	AC-20a	Medium	TC-020	UAT-020	Completed	SLA of 5 minutes agreed with SMS vendor
RTM-21	Officers must be able to prioritize claims nearing TAT breach	US-21	AC-21a	Medium	TC-021	UAT-021	Completed	Color-coding logic tied to NFR-19 configuration

Module 7: Communication & Query Management

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-22	Officers must be able to formally request missing documents	US-22	AC-22a	Medium	TC-022	UAT-022	Completed	-
RTM-23	Customers must be able to resolve queries without restarting claim	US-23	AC-23a, AC-23b	Medium	TC-023	UAT-023	Completed	-
RTM-24	Customers must have	US-24	AC-24a	Medium	TC-024	UAT-024	Not Started	Chat vendor

	real-time chat support access for claim status queries"							selection pending
--	---	--	--	--	--	--	--	-------------------

Module 8: Escalation & Grievance

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-25	Customers must have a formal grievance channel	US-25	AC-25a	Medium	TC-025	UAT-025	Completed	-
RTM-26	Claims managers must have consolidated visibility into all escalated/grievance cases	US-26	AC-26a	Medium	TC-026	UAT-026	Completed	-
RTM-27	Claims managers must be able to reassign stuck claims to another officer without losing case history	US-27	AC-27a	Medium	TC-027	UAT-027	Completed	-

Module 9: Reporting & MIS

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-28	Management needs visibility into claim volume and TAT trends	US-28	AC-28a	Medium	TC-028	UAT-028	Completed	Performance target (NFR-03) verified during load test
RTM-29	Recurring rejection reasons must be identifiable	US-29	AC-29a	Low	TC-029	UAT-029	Completed	-

	for process fixes							
RTM-30	Compliance must be able to audit any claim action on demand	US-30	AC-30a	High	TC-030	UAT-030	Completed	Directly supports IRDAI compliance requirement (NFR-13)

Module 10: Admin & Configuration

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-31	Business rules must be configurable without code deployment	US-31	AC-31a	High	TC-031	UAT-031	Completed	Supports NFR-19 (configuration over code)
RTM-32	Access must be role-based and centrally manageable	US-32	AC-32a, AC-32b	High	TC-032	UAT-032	Completed	Supports NFR-10 (role-based access control)
RTM-33	Admin must be able to monitor integration health proactively	US-33	AC-33a	Medium	TC-033	UAT-033	In-progress	Alerting mechanism for failed sync still being defined

Module 11: Fraud & Risk Flagging

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-34	Suspicious claims must be flagged before approval	US-34	AC-34a	High	TC-034	UAT-034	In Progress	Fraud rule engine logic under review with risk team
RTM-35	Underwriters need a risk indicator on	US-35	AC-35a	Medium	TC-035	UAT-035	Not Started	Depends on RTM-34 rule engine completion

	flagged claims							
RTM-36	Compliance must track fraud cases to resolution	US-36	AC-36a	Medium	TC-036	UAT-036	Not Started	Depends on RTM-34, RTM-35

Module 12: Fraud Investigation

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-37	Fraud-flagged claims must be reviewable with full supporting evidence	US-37	AC-37a	High	TC-037	UAT-037	Not Started	Depends on RTM-34 fraud flag output
RTM-38	Investigation outcomes must be recorded before claim can proceed	US-38	AC-38a	High	TC-038	UAT-038	Not Started	Feeds back into RTM-36 fraud case tracking

Module 13: Claim Rejection

Req ID	Business Requirement	User Story ID	Acceptance Criteria	Priority	Test Case ID	UAT ID	Status	Remarks
RTM-39	Rejection reason must be recorded for audit and customer communication	US-39	AC-39a	High	TC-039	UAT-039	Not Started	Directly supports audit trail requirement (NFR-11)
RTM-40	Customer must receive rejection reason and next steps.	US-40	AC-40a	Medium	TC-040	UAT-040	Not Started	Feeds into grievance flow (RTM-25) if customer disputes
